#### "A Cheerful Look Makes a Dish a Feast.'

"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "dish is a feast," for the reason that the vitalizing elements do not reach the proper spot.

A step in the right direction is to purify the body by the use of a natural remedy. Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and whether the seat of the disorder is brain, stomach, liver or kidneys, the purifying process of this medicine is equally sure and successful. It never disappoints.

Scrotula — "I was almost bedfast with scrotula and catarrh. Had no appetite. Hood's Sarasparilla soon made me stronger and later all the sores disappeared and catarrh stopped." Nellie Osken, 414 Lyon Street, Des Moines, Iowa.

that Make Fever.

Unlike some communicable diseases, typhold fever is not "in the air." You do not take the germs into your inngs. You take them into your stomach when you drink tainted milk or water. Where drainage is insufficient and where the water supply is contaminated, typhold fever breaks out.

Treatment consists in killing the germs, so that they cannot multiply in the system. A sound stimulant stops the spread of the microbes, Of course, it must itself be free from impurity. Duffly's Pure Malt Whiskey meets all the requirements of the case, and is therefore prescribed to patients who have been exposed to typhold fever. A tablespoonful in a glass of water before each meal will be beneficial in more ways than one. It will tone the system and the glands in the stomach so that the gastric juices will flow freely upon the food, thus making digestion complete and prompt.

Many substitutes for Duffly's Pure Malt. Whiskey are offered, Don't be coaxed into buying one. Insist on the genuine Puffly's and remember that all alert druggists and grocers keep it. The Government was that this is the only medi-

is as necessary as a broom for the house. For in the blood accumulate the germs of disease which, if not swept away, become manifest in boils, blotches, sores, where, eruptions, eczema, tetter, and like diseases, that flay the flesh and scar the skin.

# Ayer's Sarsaparila

makes a clean sweep of all diseases that begin in the blood. What other medicines drive in Ayer's Sarsaparilla drives out. Where other medicines make a surface show of health by cleansing the skin, Aver's Sarsaparilla lays the foundation of health by cleansing the blood. It is conceded that of all diseases the larger portion have their origin in impure blood. Cleanse the blood and you cleanse the skin. Foul blood cannot make a fair body. The shortest way to a sound body. a clear complexion, and a vigorous life is to purify the blood with Ayer's Sarsaparilla.
